

# Erasmus+ in Vicenza – Italy

<https://www.learningmobility.it/>

---

## KA1 mobility for learners

Since 1996 Eurocultura has been working as hosting organization in the frame of European projects, such as **Erasmus+** and **ESF**, organizing **mobility for learners** and hosting **more than 250 trainees per year**.

Trainees are placed according to their professional competences in **local companies**.

The placements are organized in almost **every sector**: crafts, administration, tourism, early child care, health and caring, social activities, food sector, farming...

The target groups are different: apprentices and students in initial vocational training, higher education students, graduated, unemployed, disadvantaged or disabled people.

---

## KA1 mobility for staff

Eurocultura organizes **mobility for staff** active in the field of vocational training and academic education, employment office, public administration, non-profit sector, youth organizations and companies.

Hospitality training, early child care, caring, electromobility, inclusion and **local government** are some of our training courses.

The specific program consists in **visits** to training and educational institutions, **discussions** with social partners, **seminars** with experts and **meetings** with entrepreneurs and companies. The main objective is to give a comprehensive overview of the Italian situation.
