Type of action: HORIZON-CSA HORIZON Coordination and Support Actions

Type of MGA: HORIZON Action Grant Budget-Based [HORIZON-AG]

**Open for submission**

Excellence hubs are part of the European Excellence Initiative and complement the science-oriented schemes Teaming, Twinning, ERA Chairs and the European Excellence Initiative for universities by a dedicated innovation component. Excellence hubs will focus on innovation by allowing innovation ecosystems in Widening countries and beyond, to team up and create better linkages between academia, business, government and society. This will foster a real place-based innovation culture in Widening countries based on a strategic agenda aligned with regional or national smart specialisation strategies. In this context, synergies will be sought with the programme parts on European Innovation Ecosystems, EIC pathfinder and the European Institute of Innovation & Technology (EIT) as well as the initiative 'Partnerships for Regional Innovation' run by the JRC. The excellence hubs will be the basis in Widening countries of the pan-European Innovation Ecosystem of the new Innovation Agenda for Europe. The proposal should also demonstrate the win-win effects of the partnership established by the consortium and the benefits for employment and post crisis recovery.
