## Digital Europe 5th Call for Proposals

About the NEW Call:

Just 54% of Europeans have basic digital skills, far below the 80% target set by the Digital Decade policy programme. The number of ICT specialists in Europe also needs to increase to reach the target of getting to 20 million digital experts by 2030. This is also the case in the cybersecurity sector, where a bigger pool of specialists can help protect businesses and public services in Europe and design the cybersecurity solutions of the future. The EU needs 200,000 more cybersecurity experts than it currently has available.

To address these challenges, the European Commission has opened the fifth Call for proposals on Advanced Digital Skills on 21 November, with a total budget of 42 million EUR to be divided in **three Open Calls**:

Digital Europe Programme (DIGITAL)

Status: **Open for submission**

Call: Advanced Digital Skills (DIGITAL-2023-SKILLS-05)

Type of action: DIGITAL-CSA DIGITAL Coordination and Support Actions

Type of MGA: DIGITAL Action Grant Budget-Based [DIGITAL-AG]

Deadline model: single-stage

Deadline date: 21 March 2024
