# TEAMING FOR EXCELLENCE (HORIZON- WIDERA-2025-ACCESS-01-01-TWO- STAGE)

Type of action: HORIZON-CSA HORIZON Coordination and Support Actions  
Type of MGA: HORIZON Action Grant Budget-Based [HORIZON-AG]

### **Open For Submission**

Deadline model: two-stage

Deadline dates: 10 April 2025

20 January 2026

The Teaming action is designed to support the creation of new centres of excellence or modernising the existing ones in low R&I performing countries (except those centres of excellence that have already benefitted from previous Teaming calls). It is building on partnerships between leading scientific institutions in the European landscape and the main beneficiary institutions in low R&I performing countries that display the willingness to engage together for this purpose. This can help countries that are lagging behind in terms of research and innovation performance attaining a competitive position in the global value chains. Leading scientific institutions are established strategic partners that have developed an outstanding reputation in research and innovation excellence in the chosen scientific domain. Institutions that are still in the process of development or modernisation, e.g., those that are still receiving support as coordinators from widening actions under Horizon 2020 or Horizon Europe, are normally not considered leading institutions, unless a proper justification is provided in the proposal.
